

Ponce Inlet Flood Impacts Questionnaire

Project: Watershed Master Plan and Flood Vulnerability Assessment

Town of Ponce Inlet Contacts: 1. Patty Rippey, Senior Planner
(386)236-2172, email: prippey@ponce-inlet.org

Collective Water Resources Contacts: 1. Stephanie Dunham, P.E. email: sdunham@collectivewater.com
2. Joel Jordan, P.E. email: jjordan@collectivewater.com

Objective: Collect relevant data about impacts from flooding and recent hurricanes in Ponce Inlet. The data will be used to improve estimates of flooding and storm surge for the Town.

Please fill out as much of the following sections as you like. You may submit the form anonymously if desired. Submit the survey to the Town or the Town's consultant contacts, Collective Water Resources (Collective), listed above.

May Town staff or its consultants contact you?: Yes No

General Flooding Impacts

1. Does your area regularly flood when it rains?
 - a. Several times or more a year
 - b. Only during very large rain events
 - c. Only during hurricanes or tropical storms
 - d. Only during very large rain events and hurricanes/tropical storms

2. Do you have pictures of the flooding that you could share with Town?
 - a. Yes No

3. Where does flooding in your immediate area occur? (check all that you have experienced in your immediate area)
 - a. Street flooding
 - b. Yard/driveway flooding
 - c. Building flooding

- 4. Given your answer to the previous question, how deep would you estimate flooding occurs in the areas you checked above?
 - a. Street: _____
 - b. Yard/driveway flooding : _____
 - c. Building flooding : _____

5. Is there any additional information you feel may be helpful about the flooding you have experienced?

Impacts from Hurricane Ian and Nicole

This section is primarily concerned with the flooding and related damage from Hurricanes Ian (late September 2022) and Nicole (November 2022). Responses will improve the storm surge vulnerability assessment and more accurately reflect the risk to the Town.

- 1. Was your seawall overtopped by storm surge during either hurricane? Yes No N/A
- 2. If YES, which hurricane(s)? Ian Nicole
- 3. For ocean front properties, can you estimate how high on the dune the waves reached?
 Yes, ____ feet up the dune No
- 4. Was your property damaged during either hurricane?
 - a. Seawall Yes No N/A
 - b. Dune Yes No N/A
 - c. Building Yes No N/A
- 5. If you experienced damage, would you please describe the impacts to your property from either/both hurricanes?

Please return to the Town of Ponce Inlet no later than Friday, May 26, 2023. You can either email them or drop them off to any office at Town Hall, 4300 S. Atlantic Avenue, Ponce Inlet.
